<sup>(1)</sup> The indexation methodology used to account for subsequent price developments since the date of the Original Market Value is based on the Teranet - National Bank Regional and Calgary, Edmonton, Winnipeg, Ottawa-Gatineau, Hamilton, Toronto, Montreal, Quebec City and Halifax, data provided by Teranet through the Teranet - National Bank National Composite House Price Index™ (the "House Price Index"), and (ii) for mortgaged properties located in all other areas of Canada, national residential statistics compiled by the Canadian Real Estate Association ("CREA"). The data derived by the House Price Index is based on a repeat sales method, which measures the change in price of certain residential properties within the related area based on at least two sales of each such property over time. Such price change data is then used to formulate the House Price Index for the related area. The statistics derived by CREA are the average actual resale prices for residential properties in the related area, as well as overall figures for each province and territory of Canada. The Original Market Value is as of the date it is most recently determined or assessed in accordance with the underwriting policies (whether upon origination or renewal of the Loan or subsequently thereto).

<sup>(2)</sup> Amounts are required to be credited to the Pre-Maturity Liquidity Ledger in respect of Series of Hard Bullet Covered Bonds in certain circumstances more fully described in the Transaction documents.

<sup>(4)</sup> Trading value method is the last selling price as of the Calculation Date of the covered bond.

<sup>(5)</sup> Present value of expected future cash flows of Loans, calculated using the weighted average current market interest rates offered to Scotiabank clients as at the last day of the month, being 5.8123%.

<sup>(6)</sup> Scotiabank currently reviews the Loans in its Covered Bond Portfolio, on a periodic basis, to ensure such Loans continue to be Eligible Loans. As a result of a review, a selection of Loans may be sold by the Guarantor to Scotiabank, including Loans that have ceased to be Eligible Loans or Loans that are at least 90 days past due or subject to foreclosure. Sales of Eligible Loans by the Guarantor that are at least 90 days past due or subject to foreclosure is done on a voluntary basis and the Guarantor is under no obligation to continue such sales or notify investors of any discontinuance of such sales. The sale of Loans by the Guarantor that were at least 90 days past due or subject to foreclosure reflected in this Investor Report were immaterial to the Covered Bond Portfolio's overall performance. Refer to Note 14 of Scotiabank's Form 40-F for the fiscal year ended October 31, 2022 for details on impaired loans and Scotiabank's residential mortgage portfolio.
