Scotiabank[®]

Caution Regarding Forward-Looking Statements

Forward-looking Statements From time to time, our public communications include oral or written forward-looking statements. Statements of this type are included in this document, and may be included in other filings with Canadian securities regulators or the U.S. Securities and Exchange Commission (SEC), or in other communications. In addition, representatives of the Bank may include forward-looking statements orally to analysts, investors, the media and others. All such statements are made pursuant to the “safe harbor” provisions of the U.S. Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation. Forward-looking statements may include, but are not limited to, statements made in this document, the Management’s Discussion and Analysis in the Bank’s 2023 Annual Report under the headings “Outlook” and in other statements regarding the Bank’s objectives, strategies to achieve those objectives, the regulatory environment in which the Bank operates, anticipated financial results, and the outlook for the Bank’s businesses and for the Canadian, U.S. and global economies. Such statements are typically identified by words or phrases such as “believe,” “expect,” “aim,” “achieve,” “foresee,” “forecast,” “anticipate,” “intend,” “estimate,” “plan,” “goal,” “strive,” “target,” “project,” “commit,” “objective,” and similar expressions of future or conditional verbs, such as “will,” “may,” “should,” “would,” “might,” “can” and “could” and positive and negative variations thereof.

By their very nature, forward-looking statements require us to make assumptions and are subject to inherent risks and uncertainties, which give rise to the possibility that our predictions, forecasts, projections, expectations or conclusions will not prove to be accurate, that our assumptions may not be correct and that our financial performance objectives, vision and strategic goals will not be achieved.

We caution readers not to place undue reliance on these statements as a number of risk factors, many of which are beyond our control and effects of which can be difficult to predict, could cause our actual results to differ materially from the expectations, targets, estimates or intentions expressed in such forward-looking statements.

The future outcomes that relate to forward-looking statements may be influenced by many factors, including but not limited to: general economic and market conditions in the countries in which we operate and globally; changes in currency and interest rates; increased funding costs and market volatility due to market illiquidity and competition for funding; the failure of third parties to comply with their obligations to the Bank and its affiliates; changes in monetary, fiscal, or economic policy and tax legislation and interpretation; changes in laws and regulations or in supervisory expectations or requirements, including capital, interest rate and liquidity requirements and guidance, and the effect of such changes on funding costs; geopolitical risk; changes to our credit ratings; the possible effects on our business of war or terrorist actions and unforeseen consequences arising from such actions; technological changes and technology resiliency; operational and infrastructure risks; reputational risks; the accuracy and completeness of information the Bank receives on customers and counterparties; the timely development and introduction of new products and services, and the extent to which products or services previously sold by the Bank require the Bank to incur liabilities or absorb losses not contemplated at their origination; our ability to execute our strategic plans, including the successful completion of acquisitions and dispositions, including obtaining regulatory approvals; critical accounting estimates and the effect of changes to accounting standards, rules and interpretations on these estimates;

global capital markets activity; the Bank’s ability to attract, develop and retain key executives; the evolution of various types of fraud or other criminal behaviour to which the Bank is exposed; anti-money laundering; disruptions or attacks (including cyberattacks) on the Bank’s information technology, internet connectivity, network accessibility, or other voice or data communications systems or services; which may result in data breaches, unauthorized access to sensitive information, and potential incidents of identity theft; increased competition in the geographic and in business areas in which we operate, including through internet and mobile banking and non-traditional competitors; exposure related to significant litigation and regulatory matters; climate change and other environmental and social risks, including sustainability that may arise, including from the Bank’s business activities; the occurrence of natural and unnatural catastrophic events and claims resulting from such events; inflationary pressures; Canadian housing and household indebtedness; the emergence or continuation of widespread health emergencies or pandemics, including their impact on the global economy, financial market conditions and the Bank’s business, results of operations, financial condition and prospects; and the Bank’s anticipation of and success in managing the risks implied by the foregoing. A substantial amount of the Bank’s business involves making loans or otherwise committing resources to specific companies, industries or countries. Unforeseen events affecting such borrowers, industries or countries could have a material adverse effect on the Bank’s financial results, businesses, financial condition or liquidity. These and other factors may cause the Bank’s actual performance to differ materially from that contemplated by forward-looking statements. The Bank cautions that the preceding list is not exhaustive of all possible risk factors and other factors could also adversely affect the Bank’s results, for more information, please see the “Risk Management” section of the Bank’s 2023 Annual Report, as may be updated by quarterly reports.

Material economic assumptions underlying the forward-looking statements contained in this document are set out in the 2023 Annual Report under the headings “Outlook”, as updated by quarterly reports. The “Outlook” and “2024 Priorities” sections are based on the Bank’s views and the actual outcome is uncertain. Readers should consider the above-noted factors when reviewing these sections. When relying on forward-looking statements to make decisions with respect to the Bank and its securities, investors and others should carefully consider the preceding factors, other uncertainties and potential events.

Any forward-looking statements contained in this document represent the views of management only as of the date hereof and are presented for the purpose of assisting the Bank’s shareholders and analysts in understanding the Bank’s financial position, objectives and priorities, and anticipated financial performance as at and for the periods ended on the dates presented, and may not be appropriate for other purposes. Except as required by law, the Bank does not undertake to update any forward-looking statements, whether written or oral, that may be made from time to time by or on its behalf.

Additional information relating to the Bank, including the Bank’s Annual Information Form, can be located on the SEDAR+ website at www.sedarplus.ca and on the EDGAR section of the SEC’s website at www.sec.gov.

Opening Remarks

Scott Thomson
President & CEO

Highlights

**Grow and scale
in priority businesses**

Mexico earnings¹ up 19% YTD and
deposits¹ up 23% YTD

U.S. earnings up 32% YTD

**Earn
primary client
relationships**

95,000 net new primary clients
in Canadian Retail Banking YTD

Canadian Wealth Management
financial plans delivered up 27% YTD

**Make it easy
to do
business with us**

64% of new Tangerine
activations on mobile YTD

International Banking productivity² of
51.0% YTD, down 260 bps
from YTD F23

**Win as
one team**

One of the Best Workplaces™
in Canada by Great Place To Work®

Referrals between Canadian Retail
and Wealth up 15% Y/Y

1. Includes Wealth earnings in Mexico; constant dollar earnings up 6% YTD and deposits up 14% YTD; Refer to Non-GAAP Measures section from pages 43 to 63
2. Refer to Glossary from pages 64 to 65 for the description of the measure

Q2/24 Overview

Raj Viswanathan
Group Head & CFO

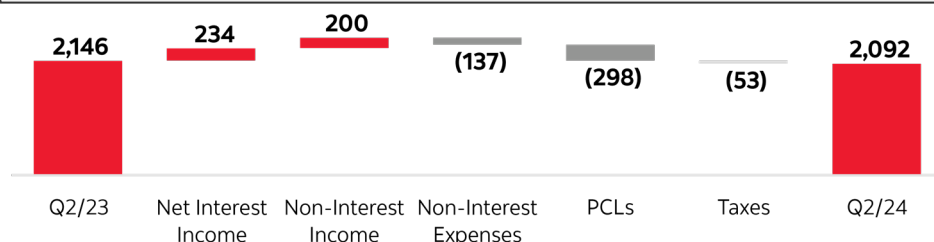

Q2 2024 Financial Performance

\$MM, except EPS	Q2/24	Y/Y	Q/Q
Reported			
Net Income	\$2,092	(3%)	(5%)
Diluted EPS	\$1.57	(7%)	(7%)
Revenue	\$8,347	5%	(1%)
Expenses	\$4,711	3%	(1%)
Pre-Tax, Pre-Provision Profit ¹	\$3,636	9%	(2%)
Productivity Ratio ²	56.4%	(140 bps)	20 bps
Net Interest Margin (NIM) ¹	2.17%	5 bps	(2 bps)
Risk Adjusted Margin (RAM) ¹	1.72%	(8 bps)	(5 bps)
PCL Ratio ²	54 bps	17 bps	4 bps
PCL Ratio on Impaired Loans ²	52 bps	19 bps	3 bps
Return on Equity ²	11.2%	(100 bps)	(60 bps)
Return on Tangible Common Equity ¹	13.8%	(150 bps)	(80 bps)
Adjusted¹			
Net Income	\$2,105	(3%)	(5%)
Diluted EPS	\$1.58	(7%)	(7%)
Revenue	\$8,347	5%	(1%)
Expenses	\$4,693	3%	(1%)
Pre-Tax, Pre-Provision Profit	\$3,654	9%	(2%)
Productivity Ratio	56.2%	(130 bps)	20 bps
Return on Equity	11.3%	(100 bps)	(60 bps)

Y / Y HIGHLIGHTS

- **Diluted EPS down 7%**
 - Higher PCLs
- **Revenues up 5%**
 - Net interest income up 5%; higher margins
 - Non-interest income up 6%; higher wealth revenues, underwriting and advisory fees, and banking fees
- **NIM¹ up 5 bps**
 - Higher rates and favourable shift in business mix
- **RAM¹ down 8 bps**
 - PCL ratio up 17 bps
- **Expenses up 3% (down 1% Q/Q)**
 - Higher technology and personnel costs
- **YTD operating leverage² of 1.1%**
- **Loans and acceptances down 3% Y/Y and 1% Q/Q**
- **Deposits³ up 4% (1% Q/Q)**
 - Canadian and International Banking up 7%
- **LDR¹ of 107%, down from 115%**

REPORTED NET INCOME Y/Y (\$MM)

REPORTED NET INCOME⁴ BY SEGMENT (\$MM)

Note: This document is not audited and should be read in conjunction with our Q2/24 Quarterly Report to Shareholders and 2023 Annual Report. All amounts unless otherwise indicated are based on financial statements prepared in accordance with IFRS and are on a reported basis.

1. Refer to Non-GAAP Measures section from pages 43 to 63
2. Refer to Glossary from pages 64 to 65 for the description of the measure
3. Excludes treasury sourced deposit funding
4. Attributable to equity holders of the bank

Strong Capital Position

Q / Q CHANGE IN CET1 RATIO (%)¹

- CET1 ratio of 13.2%, benefited from earnings, lower RWA, and share issuances through DRIP, partly offset by losses from FVOCI securities
- Benefit from lower RWA of 15 bps was mainly driven by:
 - RWA optimization activities (book size) partly offset by changes in operational risk and market risk RWA
 - The capital floor add-on has been eliminated as a result of changes in book quality and model updates

Q / Q CHANGE IN RISK WEIGHTED ASSETS (\$ BN)¹

1. This measure has been disclosed in this document in accordance with OSFI Guideline - Capital Adequacy Requirements (November 2023)

Canadian Banking

\$MM	Q2/24	Y/Y	Q/Q
Reported			
Net Income ¹	\$1,008	(4%)	(8%)
Revenue	\$3,336	7%	(1%)
Expenses	\$1,518	4%	1%
Pre-Tax, Pre-Provision Profit ²	\$1,818	9%	(4%)
PCLs	\$428	97%	13%
Productivity Ratio ³	45.5%	(100 bps)	130 bps
Net Interest Margin ²	2.56%	26 bps	-
PCL Ratio ³	40 bps	20 bps	6 bps
PCL Ratio on Impaired Loans ³	37 bps	16 bps	4 bps
Adjusted²			
Net Income ¹	\$1,008	(4%)	(8%)
Expenses	\$1,517	4%	1%
Pre-Tax, Pre-Provision Profit	\$1,819	9%	(4%)
Productivity Ratio	45.5%	(100 bps)	130 bps

Y/Y HIGHLIGHTS

- **Net Income down 4%**
 - Higher PCLs
- **Revenue up 7%**
 - Net interest income up 12% from deposit growth and margin expansion
- **NIM² up 26 bps**
 - Higher loan and deposit margins and favourable changes in business mix
- **RAM² up 6 bps**
 - Higher margins partly offset by higher PCLs
- **Expenses up 4%**
 - Higher technology, personnel, advertising and business development
- **YTD operating leverage³ of 3.1%**
- **Loans declined 1%**
 - Mortgages down 5%, business loans up 8%, credit cards up 18%
- **Deposit growth of 7%**
 - Personal up 6%, primarily in term; non-personal up 11%, primarily in demand
- **LDR³ of 122%, down from 132%**

REPORTED NET INCOME AND ROE²

NIM² AND RAM²

1. Unless otherwise noted, net income refers to net income attributable to equity holders of the Bank (NIAEH)

2. Refer to Non-GAAP Measures section from pages 43 to 63

3. Refer to Glossary from pages 64 to 65 for the description of the measure

4. Net Income Attributable to Common Shareholders

5. The bank attributes capital to its business lines on a basis that approximates 11.5% (2023 – 10.5%) of Basel III common equity capital requirements which includes credit, market and operational risks and leverage inherent in each business segment

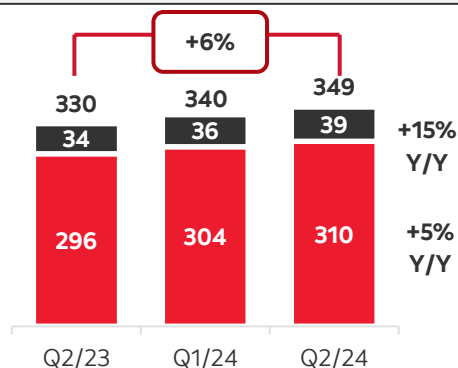

Global Wealth Management

\$MM	Q2/24	Y/Y	Q/Q
Reported			
Net Income ¹	\$380	8%	3%
Revenue	\$1,414	9%	4%
Expenses	\$895	9%	4%
Pre-Tax, Pre-Provision Profit ²	\$519	8%	3%
PCLs	\$7	nmf	22%
Productivity Ratio ³	63.3%	30 bps	10 bps
Spot AUM (\$Bn) ³	\$349	6%	3%
Spot AUA (\$Bn) ³	\$669	7%	2%

Risk Officer

Allowance for Credit Losses

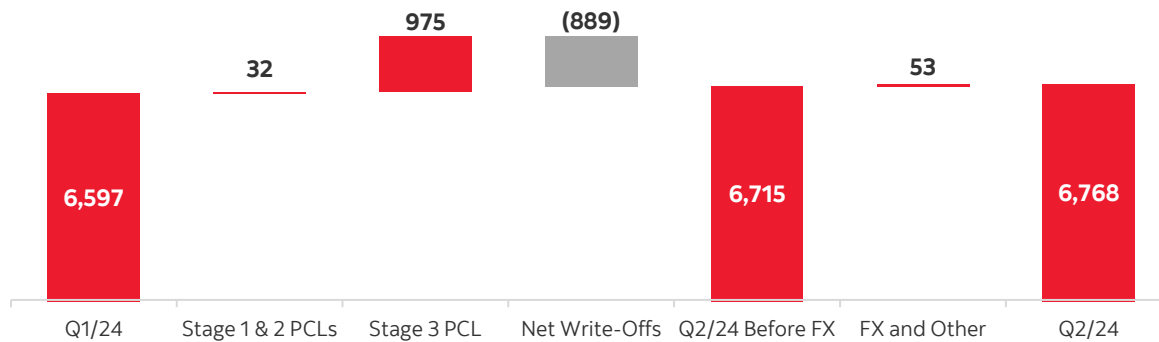

TOTAL ACLS¹ (\$MM) AND ACL RATIO²

HIGHLIGHTS

- **Total ACL ratio up 2 bps Q/Q to 88 bps**
 - Continued ACL build
 - Adjusting for the impact of foreign currency translation:
 - Performing allowances were \$4.7Bn (up \$21MM Q/Q)
 - Impaired allowances increased by \$61MM Q/Q due to higher provisions relating to retail portfolio credit migration

Q / Q ACL MOVEMENT (\$MM)

1. Includes ACLs on off-balance sheet exposures and ACLs on acceptances and other financial assets
 2. Refer to Glossary from pages 64 to 65 for the description of the measure

Total	53	(6)	39	5	5
Other	-	-	-	-	1

Q / Q HIGHLIGHTS

- **Total PCL ratio of 54bps, up 4 bps Q/Q**
 - Impaired PCLs are higher Q/Q driven by higher provisions in Canadian retail portfolios
 - Performing PCLs were driven this quarter by retail migration and portfolio growth partly offset by retail credit migration to impaired
- **Canadian Banking PCLs (40 bps, up 6 bps Q/Q)**
 - Higher impaired provisions due to migration in retail portfolios, mainly in auto and residential mortgages
 - Performing provision was driven by retail portfolio migration and portfolio growth partly offset by credit migration to impaired
- **International Banking PCLs (138 bps, up 3 bps Q/Q)**
 - Lower impaired PCLs Q/Q driven by lower commercial provisions and lower retail formations across most countries

TOTAL PCLS (\$MM) AND PCL RATIO¹

1. Refer to Glossary from pages 64 to 65 for the description of the measure

Gross Impaired Loans and Net Write-offs

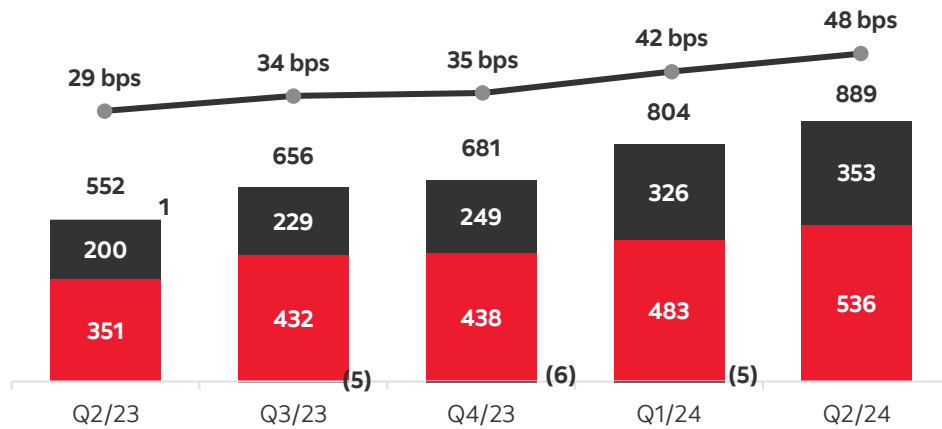

GILS (\$MM) AND GIL RATIO¹

HIGHLIGHTS

- Increased \$280 million Q/Q driven by new formations in Canadian Commercial and International Banking
 - Canadian Banking:** Lower Q/Q relating to retail mainly auto
 - International Banking:** Higher Q/Q driven by new retail formations, mainly in Chile and Mexico and also Commercial formations, mostly in Chile real estate

NET WRITE-OFFS (\$MM) AND NET WRITE-OFFS RATIO¹

HIGHLIGHTS

- Increased \$85 million or 6bps Q/Q driven by Canadian and International Retail
 - Canadian Banking:** Higher Q/Q relating to retail mainly auto
 - International Banking:** Higher Q/Q driven by retail mainly in Colombia and Peru

Average Deposits ⁸	679	697	705	4%

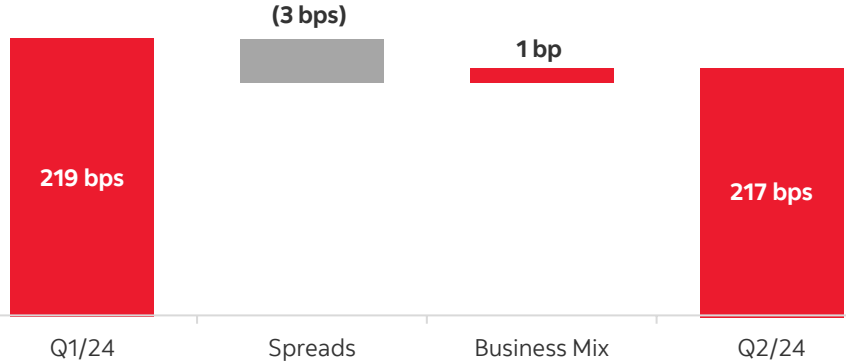

- Commencing Q1 2024, regulatory capital ratios are based on Revised Basel III requirements as determined in accordance with OSFI Guideline – Capital Adequacy Requirements (November 2023). The prior year regulatory capital ratios were based on Revised Basel III requirements as determined in accordance with OSFI Guideline – Capital Adequacy Requirements (February 2023)
- This measure has been disclosed in this document in accordance with OSFI Guideline – Total Loss Absorbing Capacity (September 2018)
- The leverage ratios are based on Revised Basel III requirements as determined in accordance with OSFI Guideline – Leverage Requirements (February 2023)
- This measure has been disclosed in this document in accordance with OSFI Guideline – Public Disclosure Requirements for Domestic Systemically Important Banks on Liquidity Coverage Ratio (April 2015)
- This measure has been disclosed in this document in accordance with OSFI Guideline – Net Stable Funding Ratio Disclosure Requirements (January 2021)
- Refer to Non-GAAP Measures section from pages 43 to 63
- Refer to page 47 of the Management's Discussion & Analysis in the Bank's Second Quarter 2024 Report to Shareholders for further detail
- Excludes treasury sourced deposit funding

Risk Adjusted Margin and NIM

RISK ADJUSTED MARGIN (RAM) ¹

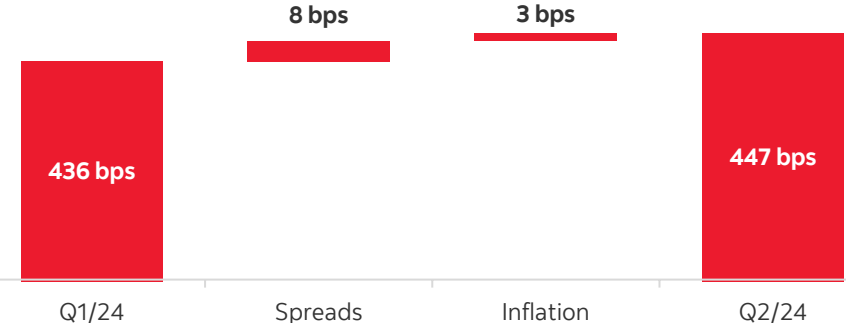

ALL-BANK NIM ¹

CANADIAN BANKING NIM ¹

INTERNATIONAL BANKING NIM ¹

1. Refer to Non-GAAP Measures section from pages 43 to 63

Interest Rate Sensitivity

NET INTEREST INCOME SENSITIVITY¹

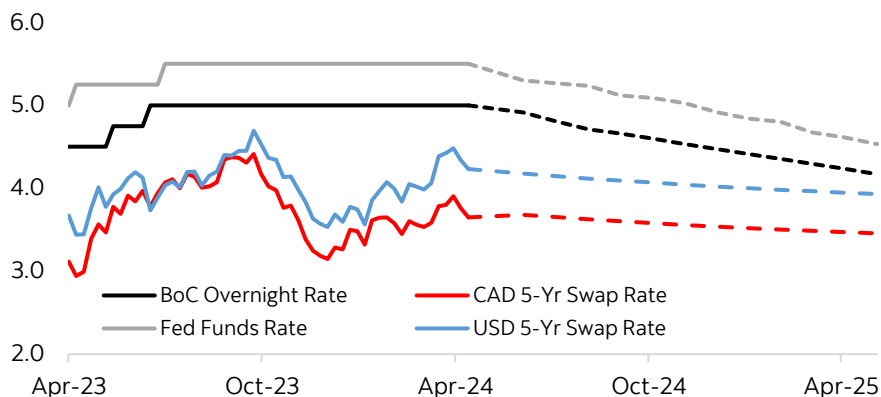

- NII is expected to benefit from the net impact of fixed asset and liability repricing over time and a reduction in the short end of the curve
- Impact of an immediate and sustained 100 bps parallel shift on net interest income (NII) over a 12-month period
 - +100 bps: \$25 million decrease in NII
 - 100 bps: \$20 million decrease in NII
 - Above scenarios assume a static balance sheet and no management actions¹
- ~\$100MM increase in NII over a 12-month period from a 25 bps decrease in short-term rates² assuming a constant balance sheet

HIGHLIGHTS

Y/Y

- Expenses increased 3%
 - Higher technology-related costs, personnel costs from inflationary adjustments, performance-based compensation, advertising, and the negative impact of foreign currency translation
 - Partly offsetting was lower share-based compensation as well as the benefits related to efficiency initiatives

Q/Q

- Expenses down 1%
 - Seasonally lower share-based compensation and impact of two fewer days in the quarter
 - Partly offset by higher performance compensation

PRODUCTIVITY RATIO² (%)

1. Refer to Non-GAAP Measures section from pages 43 to 63

2. Refer to Glossary from pages 64 to 65 for the description of the measure

3. Q4/23 reported productivity was 66.8% while adjusted productivity was 59.7%. Refer to Non-GAAP Measures section from pages 43 to 63

Non-GAAP Measures

Non-GAAP Measures

The Bank uses a number of financial measures and ratios to assess its performance, as well as the performance of its operating segments. Some of these financial measures and ratios are presented on a non-GAAP basis and are not calculated in accordance with Generally Accepted Accounting Principles (GAAP), which are based on International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB), are not defined by GAAP and do not have standardized meanings and therefore might not be comparable to similar financial measures and ratios disclosed by other issuers. The Bank believes that non-GAAP measures and ratios are useful as they provide readers with a better understanding of how management assesses performance. These non-GAAP measures and ratios are used throughout this report and defined below.

NON - GAAP DEFINITIONS

Adjusted Productivity Ratio	Adjusted productivity ratio represents adjusted non-interest expenses as a percentage of adjusted total revenue. This is a non-GAAP ratio. Management uses the productivity ratio as a measure of the Bank's efficiency. A lower ratio indicates improved productivity.	Page 46
Adjusted results	Management considers both reported and adjusted results and measures useful in assessing underlying ongoing business performance. Adjusted results and measures remove certain specified items from revenue, non-interest expenses, income taxes and non-controlling interests. Presenting results on both a reported basis and adjusted basis allows readers to assess the impact of certain items on results for the periods presented, and to better assess results and trends excluding those items that may not be reflective of ongoing business performance.	Pages 46-49
Constant dollar basis	International Banking business segment results are analyzed on a constant dollar basis which is a non-GAAP measure. Under the constant dollar basis, prior period amounts are recalculated using current period average foreign currency rates. The reconciliation is between reported, adjusted and constant dollar results for International Banking for prior periods. The Bank believes that constant dollar is useful for readers to understand business performance without the impact of foreign currency translation and is used by management to assess the performance of the business segment. The constant dollar tables are computed on a basis that is different than the table "Impact of foreign currency translation" on page 42.	Pages 52, 53, 57-62
Core earning assets	Core earning assets are defined as interest-bearing deposits with financial institutions, investment securities and loans net of allowances. This is a non-GAAP measure. The Bank believes that this measure is useful for readers as it represents the main interest-generating assets and eliminates the impact of trading businesses.	Pages 54, 55, 59-62
Core net interest income	Core net interest income is defined as net interest income earned from core earning assets. This is a non-GAAP measure.	Pages 54, 55, 59-62
Earning assets	Earning assets are defined as income generating assets which include deposits with financial institutions, trading assets, investment securities, investments in associates, securities borrowed or purchased under resale agreements, loans net of allowances, and customers' liability under acceptances. This is a non-GAAP measure.	Pages 54, 55, 59-62

Non-GAAP Measures

NON-GAAP DEFINITIONS (CONT'D)

Loan to Deposit Ratio (LDR) - All Bank	This metric is calculated as Total Average Net Loans and Acceptances to Customers/Total Average Deposits excluding treasury sourced deposit funding. This is a non-GAAP measure.	Page 56
Net interest margin (NIM)	<p>Net interest margin is a non-GAAP ratio that is used to measure the return generated by the Bank's core earning assets net of the cost of funding.</p> <p>Net interest margin is calculated as core net interest income (annualized) divided by average core earning assets.</p>	Pages 54, 55, 59-62
Non-earning assets	Non-earning assets are defined as cash, precious metals, derivative financial instruments, property and equipment, goodwill and other intangible assets, deferred tax assets and other assets. This is a non-GAAP measure.	Pages 54, 55, 59-62
Pre-Tax, Pre-Provision Profit	<p>Pre-tax, pre-provision profit (PTPP) is a non-GAAP measure and is calculated as the difference between revenues and expenses. The Bank believes this measure to be useful for readers as it measures the Bank's operating profit before subtracting credit losses and taxes.</p> <p>Adjusted PTPP is calculated as the difference between adjusted revenues and adjusted expenses.</p>	Pages 6, 8-11
Return on equity (ROE)	<p>Return on equity for the business segments and countries is calculated as a ratio of net income attributable to common shareholders (annualized) of the business segment/country and the capital attributed.</p> <p>The amount of common equity allocated to each business segment is referred to as attributed capital. The attribution of capital within each business segment is intended to approximate a percentage of the Basel III common equity capital requirements based on credit, market and operational risks and leverage inherent within each business segment. Attributed capital is a non-GAAP measure.</p> <p>In the first quarter of 2024, in line with OSFI's increased Domestic Stability Buffer announced requirements, the Bank increased the capital attributed to its business lines and countries to approximate 11.5% of Basel III common equity capital requirements based on credit, market and operational risks and leverage inherent within each business segment/country. Previously, capital was attributed based on a methodology that approximated 10.5% of Basel III common equity capital requirements.</p> <p>Adjusted return on equity is a non-GAAP ratio which represents adjusted net income attributable to common shareholders (annualized) as a percentage of average common shareholders' equity.</p>	Pages 50, 63
Return on tangible common equity (ROTCE)	<p>Return on tangible common equity is a profitability measure that is calculated by dividing the net income attributable to common shareholders (annualized), adjusted for the amortization of intangibles (excluding software), by average tangible common equity. Tangible common equity is defined as common shareholders' equity adjusted for goodwill and intangible assets (excluding software), net of deferred taxes. This is a non-GAAP ratio.</p> <p>Adjusted return on tangible common equity represents adjusted net income attributable to common shareholders as a percentage of average tangible common equity. This is a non-GAAP ratio.</p>	Page 51
Risk Adjusted Margin (RAM)	Risk Adjusted Margin calculated as Core Net interest income less Provisions for Credit Losses / core earning assets. The Bank believes that this measure is useful for readers as it measures the return from the loan portfolio net of the provision for credit losses.	Pages 54, 55, 59-62

Non-GAAP – Adjusted Results and Diluted EPS

Adjustments:

- These costs relate to the amortization of intangible assets recognized upon the acquisition of businesses, excluding software, and are recorded in the Canadian Banking, International Banking and Global Wealth Management operating segments.

Adjusted NIAEH	(323)	(299)	(487)	(474)	(421)

Adjustments:

1. In Q4 2023, the Bank sold its 20% equity interest in Canadian Tire's Financial Services business (CTFS) to Canadian Tire Corporation. The sale resulted in a net gain of \$367 million (\$319 million after-tax). For further details, please refer to Note 36 of the Consolidated Financial Statements in the 2023 Annual Report to Shareholders.
2. In Q4 2023, the Bank recorded a restructuring charge and severance provisions of \$354 million (\$258 million after-tax) related to workforce reductions and changes as a result of the Bank's end-to-end digitization, automation, changes in customers' day-to-day banking preferences, as well as the ongoing efforts to streamline operational processes and optimize distribution channels.
3. In Q4 2023, the Bank recorded costs of \$87 million (\$63 million after-tax) related to the consolidation and exit of certain real estate premises, as well as service contract termination costs, as part of the Bank's optimization strategy.
4. In Q4 2023, the Bank recorded impairment charges of \$185 million (\$159 million after-tax) related to its investment in associate, Bank of Xi'an Co. Ltd. in China whose market value has remained below the Bank's carrying value for a prolonged period. For further details, refer to Note 17 of the Consolidated Financial Statements in the 2023 Annual Report to Shareholders. Impairment of intangible assets, including software, of \$161 million (\$114 million after-tax) was also recognized.

Other Financial Measures

Glossary – Other Financial Measures

Allowance for Credit Losses (ACL) Ratio	The ratio of period end total allowance for credit losses (excluding debt securities and deposits with financial institutions) divided by gross loans and acceptances.
Assets Under Administration (AUA)	Assets administered by the Bank which are beneficially owned by clients and therefore not reported on the Bank's Consolidated Statement of Financial Position. Services provided for AUA are of an administrative nature, such as trusteeship, custodial, safekeeping, income collection and distribution, securities trade settlements, customer reporting, and other similar services.
Assets Under Management (AUM)	Assets managed by the Bank on a discretionary basis and in respect of which the Bank earns investment management fees. AUM are beneficially owned by clients and are therefore not reported on the Bank's Consolidated Statement of Financial Position. Some AUM are also administered assets and are therefore included in assets under administration.
Gross Impaired Loans as a % of Loans and Acceptances (GIL Ratio)	The ratio of gross impaired loans, debt investments and off-balance sheet exposures expressed as a percentage of loans and acceptances.
Loan to Deposit Ratio (LDR) – Business Lines	Calculated as Total Average Net Loans and Acceptances to Customers/Total Average Deposits of the business line. Refer to Non-GAAP Measures section from pages 43 to 63 for how LDR is calculated for the consolidated bank.
Net Write-offs as a % of Average Net Loans and Acceptances (Net Write-Offs Ratio)	The ratio of net write-offs expressed as a percentage of average net loans and acceptances.
Operating Leverage	This financial metric measures the rate of growth in total revenue less the rate of growth in non-interest expenses.
Productivity Ratio	This ratio represents non-interest expenses as a percentage of total revenue. Management uses the productivity ratio as a measure of the Bank's efficiency.
Provision for Credit Losses (PCL) as a % of Average Net Loans and Acceptances (PCL ratio)	The ratio of PCL on loans, acceptances and off-balance sheet exposures expressed as a percentage of average net loans and acceptances.
Provision for Credit Losses (PCL) on Impaired Loans as a % of Average Net Loans and Acceptances (impaired PCL ratio)	PCL on impaired loans ratio under IFRS 9 is calculated using PCL on impaired loans, acceptances and off-balance sheet exposures as a percentage of average net loans and acceptances.
Return on Equity (ROE)	Net income attributable to common shareholders, expressed as a percentage of average common shareholders' equity. Refer to Non-GAAP Measures section from pages 43 to 63 for how ROE is calculated for Business Lines and Countries.
Taxable equivalent basis	The Bank analyzes net interest income, non-interest income, and total revenue on a taxable equivalent basis (TEB). This methodology grosses up tax-exempt income earned on certain securities reported in either net interest income or non-interest income to an equivalent before tax basis. A corresponding increase is made to the provision for income taxes; hence, there is no impact on net income. Management believes that this basis for measurement provides a uniform comparability of net interest income and non-interest income arising from both taxable and non-taxable sources and facilitates a consistent basis of measurement. While other banks also use TEB, their methodology may not be comparable to the Bank's methodology. For purposes of segmented reporting, a segment's revenue and provision for income taxes are grossed up by the taxable equivalent amount. The elimination of the TEB gross up is recorded in the Other segment.
Value At Risk (VaR):	An estimate of the potential loss that might result from holding a position for a specified period of time, with a given level of statistical confidence.
